WHEN MEN WANT TO BUY

THEY look in the **Directory** to find **where** to buy. If you are in heavy type under the proper headings and **explain** clearly in this section of the book what **you** sell, **you** get the business.

I CONDUCT Auction Sales on Commission basis—absolutely on Modern Systems. I also advance money if necessary.

Liquidation by public auction has been proven the most modern successful way for people who have been forced to retire from business.

For the past six years I have conducted 80% of all the auctions in this vicinity. There must be a reason for it.

Superfluous Hair Removed by Electrolysis

OVER two score years ago, Dr. Mitchel, oculist, of St. Louis, evolved a method of using electricity for the permanent removal of ingrowing eyelashes. Soon after, his friend, Dr. Hardaway, conceived the idea of using this method for the removal of Superfluous Hair from the human face. Today, physicians, everywhere, recommend this method as the only sure way of obtaining permanent relief from this annoying condition.

For nearly thirty years this office has employed *this* method —*the* method discovered by one, and employed by ALL the old masters, the single electric needle process, in painlessly disposing of these disquieting blemishes *for all time.*

What Life Insurance Will Do for You and Your Family

THE VERY FIRST DEPOSIT that you make creates an **Immediate Estate.** If you should die the next day, the whole of the principal sum, which it would have taken you years to save, will be available for the support of those you leave behind you.

Insurance puts your wife's name on the payroll when yours is removed by death by guaranteeing her **A Monthly Income for Life.** No worry! No uncertainty! A check that is sure to come to her every month as long as she lives.

It provides a savings fund which will make you **Carefree and Independent** if you live to old age, giving you something pleasant to look forward to after your working days are past.

In an age when professional or technical training is becoming absolutely essential in the business world it **Gives Your Boys and Girls a Chance** for an education which will fit them for success. Life insurance will make this training for them possible whether you live or die.

A substantial amount of life insurance protection **Strengthens Your Business Credit.** A banker trusts *you*—but he knows better than to trust the duration of your life. Give him reason to have complete confidence in your future.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

The difference between

Reference and

←

Creative media

→

is their direction

↔

The seller's efforts to stimulate demand is well carried by outgoing, extensive, display media, but—

he should remember that initiative rests with the buyer, and when the hunt for the goods begins, creative media which may have built up the demand, are at a disadvantage.

It is the difference between coming and going.

The creative advertising is going after the prospect, to make him want to buy, but when you have him coming, reference media should be used to connect the demand with the local supply. Every effort should be made to direct the demand to the goods advertised, at the point where they may be seen.

It is here that reference media, directories, find their logical place in the cycle of the sale.

DESCRIPTION

OF THE

ATTRACTIONS, ADVANTAGES, AND RESOURCES OF
SPRINGFIELD, MASSACHUSETTS

Third City in Population, Second in Assessed Valuation in Massachusetts.

FURNISHED BY THE

SPRINGFIELD CHAMBER OF COMMERCE, MASSACHUSETTS

Springfield is the center of a spider's web, with many lines of railroads leading to it. The city is 99 miles from Boston, 136 from New York City, and 103 from Albany, with many prosperous towns and cities lying in between. Many of the people living in these towns and cities patronize Springfield stores so that Springfield, with a population of 144,000 (estimated) is the trading center for 700,000. Railroads, trolleys, and good highways bring the trade to the city, and the stores and shops are always busy and prosperous.

SPRINGFIELD-THE CITY OF SERVICE

Springfield is the natural center of distribution for New England. It has been compared a great many times to Western cities in its being a live wire, and because of the energy and activity of its wide-awake citizens. One of the finest examples of their loyalty to the city is the Municipal Group which stands as a testimony to the generosity and civic pride of the citizens.

SPRINGFIELD IS FAMOUS

Springfield is famous as the home of the Springfield Armory, with its great history, both past and present. The Springfield Rifle is known throughout the world. Likewise Springfield has other world-wide known industries,such as the G. & C. Merriam Company, publishers of Webster's Dictionary; National Equipment Company, candy machine manufacturers; East Springfield branch of the Westinghouse Electric and Manufacturing Company, fractional horse-power motors, radio equipment; Hendee Manufacturing Company, Indian Motocycle manufacturers; Wason Manufacturing Company, steam and electric cars; Kibbe Bros., confectionery manufacturers; Milton Bradley Company, kindergarten supplies and games; Handy Chocolate Company, manufacturers of sweet chocolate; Smith & Wesson, manufacturers of revolvers; and Rolls-Royce of America (a branch of the noted English firm) manufacturers of automobiles, a recent addition to Springfield's industries. Springfield is the home of skilled mechanics.

There are 540 industries, producing 385 different products, located in metropolitan Springfield. Invested manufacturing capital $100,000,000. Annual value of manufacturing produce over $150,000,000. Annual pay roll $40,000,000.

BEAUTY AND ATTRACTIONS OF THE CITY

Springfield is known as "The City of Homes," and rightly can claim this title from many other cities described in the same way, for the beautiful parks (951.96 acres) and boulevards in the city, with the stately homes under great trees, are indeed charming. Forest Park, given to the city through the munificence of E. H. Barney and many other generous citizens, with an area of 755.87 acres, is one of the finest public parks in the country. The drives in and around Springfield are many and beautiful.

THE HISTORY OF SPRINGFIELD

William Pynchon and a band of brave followers founded Springfield in 1636, and on May 14 the town was organized. The early days involved many vicissitudes with the Indians, picturesque incidents, and affairs of marked bravery. In 1647 a large addition was made to the territory of Springfield by the General Court so that the city included Westfield, Suffield, some of Southwick, West Springfield, Holyoke, Agawam, Chicopee, Enfield, Wilbraham, Somers, Ludlow, Longmeadow, and Hampden, but since then these have become independent cities and towns, although all were originally a part of Springfield.

In 1672 the village of Springfield was burned by Indians, but, Phoenix-like, arose.

In 1812 the southern part of Old Hampshire County was named Hampden and Springfield became a shire town. A Court House was erected in the town in 1821. On May 25, 1852, Springfield, with a population of 12,500, was incorporated as a city, and on May 25, 1886, the city celebrated its 250th anniversary; on May 25, 1911, in a delightful manner the 275th anniversary was likewise celebrated. The spirit of ancient and modern Springfield is embodied in the world-famous statue of Deacon Samuel Chapin, by Augustus Saint-Gaudens, which stands at the corner of Chestnut and State streets.

AS AN EDUCATIONAL CENTER

Springfield is noted as second to none in the excellence of its public schools. With three High Schools, a Vocational School, a large number of grade and private schools, also parochial schools, it maintains a high standard. There are 44 public schools in the city, including three High Schools and a Vocational School. The International Y. M. C. A. College and the American International College are also located in this city.

Like all New England cities it has many churches—65 churches and religious societies—and many noteworthy ones among them.

Springfield is the home of the Hampden County Improvement League, which was organized in 1913 by a committee of the Springfield Chamber of Commerce for the purpose of creating a better understanding between the business man and the farmer.

It is also the home of the Eastern States Agricultural and Industrial Exposition (another outgrowth of the Chamber of Commerce activities, organized in 1916) which organization has already gained a country-wide reputation. The attendance at the exposition of 1922 was 257,000.

BUILDINGS OF NOTE

Notable buildings in Springfield are: The Municipal Group; the Public Library; Springfield Art Museum; Museum of Natural History; Springfield State Armory; Massachusetts Mutual Life Insurance Company building; Springfield Fire and Marine Insurance Company building; Hall of Records; Union Trust Company building; the Third National Bank building; the new building of the Chapin National Bank and the Hampden Savings Bank; the Y. M. C. A. building; the three High School buildings; Stearns building; Hotel Kimball; the Bridgway Hotel; Colony Club, and the Myrick Building (the headquarters of the Springfield Chamber of Commerce and Convention Bureau.)

SOCIAL ADVANTAGES

The social advantages are many, and the club life is indeed delightful. There are various charities in this city which are very active. The Y. M. C. A. and the Y. W. C. A. occupy their own buildings; the Boys' Club, an institution offering social recreation to over 1,500 boys, is splendid for youthful exuberance; the Girls' Club, doing excellent work for the girls; the Womens' Club; the Nayasset Club, which is one of the leading men's clubs of New England; the Colony Club, which is located in the million dollar residence of the late D. B. Wesson; the Winthrop Club, and the Country Club, of Springfield, all housed in their own buildings; besides the Springfield Business Women's Club, the Rotary Club,Kiwanis Club, Publicity Club, Exchange Club, Lions and many other Clubs, literary and social, make the city a pleasant place in which to live as well as to work.

The proposed Americanization Council will co-ordinate the activities and be representative of the thirty units of Americanization service in the city, so that adequate co-operation may be rendered the City Government and its branches of service in this very important problem.

NEWSPAPERS AND OTHER PUBLICATIONS

The principal newspapers of Springfield are the *Springfield Republican*, with an international reputation; the *Springfield Union*, which is doing much towards the upbuilding of Springfield and western New England; and the *Springfield Daily News*. All of these papers are of a high grade, and the city is fortunate indeed in having them published here.

TRANSPORTATION FACILITIES

The transportation facilities of Springfield are excellent. Over two hundred trains a day enter and leave the city on the three lines of railroads which enter here, New York, New Haven and Hartford, Boston and Albany, and the Boston and Maine.

SPRINGFIELD CHAMBER OF COMMERCE

The Springfield Chamber of Commerce ranks with the principal commercial organizations in the United States. It has a national reputation, and is the only Chamber of Commerce which has acted upon all of U. S. Chamber of Commerce referenda. The executive staff is composed of a General Secretary and three associate general secretaries and a clerical staff of ten persons. Its activities include a well organized live Convention Bureau, Credit Reporting Bureau, Industrial Department and an active Retail Merchants' Association. It is located in the Myrick Building, where quarters are maintained on one-third of the main floor and where a permanent exhibition of a number of Springfield's manufacturing industries may be seen. GUARANTEED 99½% PERFECT

This book is as correct as our almost one-half century of making directories can make it.

One hundred per cent perfection is our aim and ideal, but we are not fooling the public or ourselves that this has been attained.

Ever since Adam succumbed to Eve, perfection is *at least* one half of one per cent from "arrived".

To disprove our claim it would be only necessary for one to find at least *fifty* errors or omissions for every *ten thousand* names, over twenty years of age, in the alphabetical section, who have been residents of this community for at least one year prior to publication.

The first one who can accomplish this, and forward the same to our address, will receive the next publication gratis.

Reference Advertising

ONE year is the life of a City Directory. Every day in that year thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

SPRINGFIELD STREET DIRECTORY

The Street Directory gives the location of each street, and shows what other streets, avenues, or places run from or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 306, right side, and Bridge street at No. 340, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.
